Emergency Management Director, Eric Knutson, coordinates efforts

Freeborn County Assessor, Ryan Rasmusson, support efforts

Hayward City Clerk/Treasurer, Kathryn Aase, supports efforts

Provides overall direction and control of city resources involved in a response to a disaster

OPERATIONS POLICIES

- In the event of a major disaster, the Mayor of Hayward, Michael Hansen, may declare a local emergency.
- Such a declaration will invoke necessary portions of this plan and will permit the City to take necessary action in order to protect the lives and property within the City limits. In addition, any or all parts of the plan may be implemented whenever it is deemed necessary in order to provide public safety.
- Protection of life, property, and alleviation of human distress is the primary goal of city government emergency operations.
- In an emergency affecting more than one political jurisdiction, officials of all jurisdictions involved will coordinate their services to the maximum extent possible. This coordination will be accomplished through the Freeborn County Emergency Operations Coordinator, Rich Hall and Emergency Operations Plan (EOP)

- The City of Hayward Emergency Management Director, Eric Knutson, will assist in providing resource coordination between government agencies and people in the private sector.
- Maximum city government resources must be utilized before county, state, or federal assistance can be requested and made available. Mutual aid agreements between fire departments within the county are on file with the respective fire departments.
- Each agency, department or service city of government will provide for the maintenance of records during an emergency including those records deemed essential for continuing governmental operations. The records should include work hours, equipment hours, supplies and materials used, injuries to personnel, and damage to public facilities and equipment.

COUNTY, STATE, FEDERAL SUPPORT

General: The Freeborn County Emergency Management Director, Rich Hall, will be responsible for assisting the county or any requesting city in obtaining any state or federal government resources that may be needed as a result of a disaster. In carrying out this responsibility, the Freeborn County EMD will contact the MN Dept of Public Safety, Division of Homeland Security and Emergency Management (HSEM). A summary of state and federal disaster assistance that may be available is contained in Disaster Management Handbook available on the HSEM website.

Emergency Assistance: In the event of a major emergency/disaster which exceeds the resources and capabilities of city government and which requires immediate county, state, and/or federal assistance, the state duty officer will be contacted at 1-800-422-0798.(make sure updated phone info).

National Guard: When a natural disaster or other major emergency is beyond the capability of local government, support from the National Guard may be available. Only the governor, as commander-in-chief of the MN National Guard, has the authority to activate the Guard. The purpose is to ensure the preservation of life and property and to support civil law enforcement authorities.

NATIONAL GUARD OPERATIONAL POLICIES

National Guard assistance will complement, and not be a substitute for county and/or city participation in emergency operations.

If made available, National Guard personnel will remain under military command at all times, but will support and assist county and/or city forces in the accomplishment of a specific task or tasks.

NATIONAL GUARD REQUEST PROCEDURES

The County SHERIFF is the only government official in Freeborn County authorized to submit a request to the governor for National Guard assistance. Such requests are to be submitted to the state duty officer.

CITY OF HAYWARD PLAN DEVELOPMENT/MAINTENANCE, TRAINING AND EXERCISES

Regarding this plan, the Hayward Emergency Management Director, Eric Knutson, will serve as the planning coordinator and have overall authority and responsibility for both the development and maintenance of the plan.

This plan will be reviewed and updated as changes occur, but be made at least annually. The Hayward EMD, Eric Knutson will be responsible for ensuring that this updating occurs.

This plan will be distributed to all city departments and agencies, which have emergency assignments in the event of a major disaster in the City of Hayward. A plan distribution list will be maintained by the EMD, Eric Knutson.
